Save \$500 on a straighter, whiter smile at Coast Dental Clearwater

Invisalign clear aligners make treatment virtually undetectable.

CLEARWATER, FL (November 17, 2009) [Coast Dental Clearwater](#) is offering a \$500 savings package on professional whitening and [Invisalign treatment](#), a clear alternative to metal braces, for patients who want to correct gapped, crowded or crooked teeth without the drawbacks of traditional orthodontic treatment. The package includes a free Invisalign consultation; \$250 discount on treatment of two arches; and a free professional whitening kit*. The offer is available to patients who begin Invisalign treatment by January 31, 2010. Call (727) 799-1010 for a free consultation with Dr. Athanasius Morcos, an Invisalign-certified general dentist, and offer details. The practice is located at 23680 US Highway 19 North.

The Invisalign system uses clear, flexible aligners that act like invisible braces to move teeth gradually and comfortably. Unlike metal braces, Invisalign can be removed for eating, brushing and flossing to help keep gums healthy during treatment. Patients change their custom-molded, clear aligners about every two weeks and visit Dr. Morcos for progress checkups about every six weeks.

“Many adults consider metal braces unsightly,” said Dr. Morcos, who treats adults and teens as young as 15. “Invisalign gives them a virtually invisible option so it’s hard for others to tell they are in treatment.”

Invisalign can be effective for first-time treatment or as a secondary treatment to re-straighten teeth that received prior orthodontic treatment, a common issue if retainers weren’t worn as prescribed. “Patients who previously wore metal braces will be surprised at how quickly and comfortably Invisalign can bring their teeth back into proper alignment. And there’s no messy clean ups after eating or restrictions on what they can eat while in treatment. They simply remove the aligners before they eat and replace them after brushing,” he added.

To help Invisalign treatment fit into family budgets, Coast Dental offers [patient financing](#) to qualified applicants. See office for details.
